## A SERIOUS SITUATION

Chicago a Good Place to Stay Away From Just Now.

Boys from Indiana and Surrounding States Rushing in to Break Strike.

Chicago, May 2.—Conditions in the teamsters' strike are growing daily worse. The strikers are in a more ugly mood, the rioting is more open and vicious and the attacks on non-union men more frequent and daring than at any time since the commencement of the trouble. The increased belligerency on the part of the strikers and their friends is laid chiefly to the fact that the Employers' Teaming association has brought 1,500 men into the city to take their places and 500 are said to be now on their way and will arrive within twelve hours. These men will receive full pay of union men and it has been guaranteed to them that their positions will be permanent. Among them are 200 farmer boys from all the surrounding states, who have volunteered their services and sought positions as drivers.

Today a new feature appeared in the strike and was in full evidence whenever a wagon of the Employers' Teaming company went through the streets. This feature is the Winchester rifle. It is carried on all wagons of the Employers' Teaming association in open view. Over 1,000 of these weapons were purchased. The reason for this move on the part of the employers is that, notwithstanding the utmost efforts of the police, they are unable to give the non-union teamsters that protection which the Employers' association considers adequate. When Mayor Dunne was informed of the fact that the rifles would be carried by the non-union men he was visibly disturbed and declared that the police will not be permitted to authorize the carrying of arms by any one, whether in the employ of the Employers' Teaming association or affiliated with the strikers. "The chief of police will give no authority to any one to carry arms," he said. "I had not heard of the matter before but the city of Chicago will not authorize the carrying of arms."

Chief of Police O'Neill, however, declared that if the employers armed their men the police cannot legally interfere as long as the weapons are not concealed. "There is no law against the carrying of weapons in the open," the chief declared.

Two serious riots took place last night. The first was at the intersection of Harrison and Desplaines street where a mob containing many women, and numbering fully 2,000, attacked a crowd of sixteen non-union men who were being taken to the depot under the guard of a squad of police. Stones and missiles of all kinds were hurled at the men and it was with great difficulty that the police were able to protect them from the crowd. Several of the non-union men were injured with stones and many of the mob suffered broken heads from the clubs of the police. A number of arrests were made.

The first fight took place at Twenty-second and State streets when a crowd attacked four coal wagons which, under the guard of eight private detectives, was returning to the yards of the Daniels company after making a delivery of coal. The non-union men were pelted with stones thrown from the second story of a building and the detectives, drawing their revolvers, charged into the place. The inmates fled and no shots were fired. A riot call brought the police to the scene and the crowd was dispersed. The detectives were arrested for carrying concealed weapons.

**Drivers Armed With Rifles.**  
Chicago, May 2.—Every wagon sent out by the Employers' Teaming company is to be protected by a rifle in the hands of the driver or his assistant. Two thousand rifles have been ordered together with ammunition belts and will be distributed to the drivers at once. The move has been carefully considered and the legal aspect looked into. Under decisions of the United States supreme court it is declared every man has a right to protect his life or property with firearms, provided such arms are not concealed.

Strawberries are now on the local market at 15 cents per quart.

## NO REJECTED LOVERS

Jilted Sweethearts are Unknown in the Cape Horn Races of Savages.

Courtship among the Tierra del Fuegians (the strange race of savages inhabiting the island in the neighborhood of Cape Horn) is a simple but serious business.

Having chosen a bride, the savage wooer offers the lady his hunting bow. If she takes it and returns it at once then the suitor understands that he is accepted. As a matter of fact, a woman rarely, if ever, rejects an offer of marriage, for a Tierra del Fuegian does not take a rejection patiently, and is apt to resent a denial by wounding the damsel with an arrow.

It is, perhaps, needless to add that there are no henpecked husbands in Tierra del Fuego. The men in fact band themselves together in a sort of society, the aim of which is to keep the women in subjection. This curious custom is the outcome of a tradition that the women once had the upper hand, and forced the men to do all the drudgery. As men in a savage state are even more prejudiced against work than their civilized brothers, it is quite natural that they should take measures accordingly.

## ARLIE T. LEWARK ASKS A DIVORCE

He Makes Some Very Strong Charges Against His Wife.

Arlie T. Lewark, formerly principal of the schools at Arlington, and a well known teacher, today, through his attorneys, Innis & Morgan, filed suit in the Rush circuit court for divorce from Alice M. Lewark, alleging cruel and inhuman treatment. In his complaint, Mr. Lewark charges that in his absence, his wife went buggy riding with married men of questionable character, that she admitted them to her bed room, through a window at a late hour in the night, and that she entertained them while there. The plaintiff names a prominent resident of Arlington as a co-respondent and charges that his wife repeatedly sought his company instead of that of his own. According to complaint Mrs. Lewark is alleged to have said that she cared more for this man in one minute than for the plaintiff in a year.

The couple was married December 31st, 1891, and separated on November 5th, 1904. To them was born a daughter, Myrtle Lewark, now 13 years of age. The plaintiff asks the custody of the child and all proper relief.

## AGAIN INDICTED

Lafayette, Ind., May 2.—Joseph M. Eacock, attorney, was again arrested yesterday afternoon upon warrants based on seven indictments, accusing him of blackmail and with obtaining money under false pretenses. Eacock was indicted by the grand jury in January last, but these indictments were recently quashed because of faulty construction. A special grand jury was then called and Eacock was again indicted. The new indictments are similar to the old, with a technical correction.

## AGAIN CONTINUED

Rising Sun, Ind., May 2.—By agreement of all parties the cases of the State vs. Mrs. Belle Seward and Myron Barbour and wife, charged with the murder of Elizabeth Gillespie, and the State vs. Myron Barbour, indicted for perjury, have been continued until the September term of court.

Bees are attracted by the bright colors. The experiments of Miss J. Werry, a Belgian naturalist, prove that perfume has much less attraction, and that honey has none at all.

## WATSON AGAIN FOR GOVERNOR

Louis Ludlow Starts Annual Boom for Congressman Jim Watson.

Rush County Seems to be Full of Men Anxious to be Governor.

Louis Ludlow, the Washington correspondent for the Indianapolis Star says:

Information obtained here through reliable channels leave no doubt of the probability that the race for the next Republican nomination for governor will be what the politicians call a hummer. There are indications that Congressman James Eli Watson, will be one of the first to prance off down the gubernatorial race track when the starter says "Go!"

Of course, it is too early for Mr. Watson to commit himself on the subject. He wants to be nominated and elected to the House again next year and his friends are confidently predicting that even though Mr. Foulke goes after him with a scalping knife, he will get there as usual. Mr. Watson is a winning personality, and his constituents have a habit of overlooking his efforts to disembowel the civil service act and other little picadillos. Sometimes he is criticised by the home folks for the readiness with which he overrules himself on public questions, and it is recalled that while he started out boldly for tariff revision last fall, he soon turned a handspike and landed in the stand pat camp, but nevertheless the people admire him. He is the only one of the kind, and they like the kind.

After his re-election next year, what next? Then, it is said, is when his friends will begin to lay a few political fence rails with a view to making "Sunny Jim" the next governor of Indiana. Will "Sunny Jim" stand for it? They do say over here that he will, and that it is an ambition which he has long cherished to be governor of the great State of Indiana.

As a gubernatorial candidate he would be a factor and no mistake. He has friends in every county in Indiana who think a heap of him. What is known as the Fairbanks organization warms up to him as a brother.

He made great strides in the way of advancing himself before the people by the speech which he made in presiding over the Republican State convention last year.

## ARE GOING AFTER ALLEGED GRAFTERS

It is Said That Eleven Henry County Trustees are Guilty.

Newcastle, Ind., May 2.—Two former township trustees indicted, a suit in preparation against the bondsmen of an indicted one who recently died, and a special session of the grand jury this week to investigate the affairs of other trustees whose terms expired with the end of last year—this is a summary of what has been accomplished in Henry county up to this time against illegal grafts in township business. It is reported here that of the thirteen trustees that went out of office Jan. 1, all but two or three indulged in the game of official "rake-off." It is the purpose of the special session of the grand jury to ascertain whether the report is true.

Applies to All Lines.

Washington, May 2.—The attorney general has rendered an opinion sustaining Secretary Wilson of the Department of agriculture in his contention that the law requiring stock in transit to be unloaded, fed and watered at intervals not greater than twenty-eight hours, applied to terminal companies as well as to through lines.

## THE KANKAKEE SWAMPS

The Government Will Take Over Several Thousand Acres.

Indianapolis, May 2.—The federal government is getting ready to reclaim several hundred thousand acres of land in the Kankakee marsh in this state and eastern Illinois. C. G. Elliott of the department of agriculture has arrived here for the purpose of gathering information on the subject. Prof. W. D. Spence of Purdue University and M. A. Downey of Anderson have been employed to assist in the work. They will make a careful survey of the marsh and prepare an estimate of the cost of an elaborate system of drains and dykes by which the entire area can be reclaimed. Property owners have reclaimed several thousand acres, which have been made the most fertile and valuable farming lands in the state. As soon as the marsh is drained the government will test the soil to see what it will best produce. It is supposed that the improvement will cost two or three million dollars.

## KINNEY ELECTED TRUANT OFFICER

County Board of Education Holds a Busy Session Monday Afternoon.

The County Board of Education met yesterday afternoon in the office of county superintendent Headlee, and elected Daniel Kinney as truant officer by acclamation. All the trustees, except Trustee Hall, of Washington township, were present. Superintendent Headlee reported that he had engaged Rev. Hunter, of Indianapolis, to deliver the address to the county graduates in this city on June 5th. The committee on resolutions, Eli Collins and H. E. Major, drafted resolutions to the effect that three years should be considered the regular high school course, but that certificates should be granted indicating the completion of 2 years work in the high school. Other business of lesser importance was transacted and the meeting lasted two hours. The next meeting of the Board will be held June 5th.

## ARE LOOKING AFTER COUNTY'S BRIDGES

County Commissioners Make a Trip Through Country This Afternoon.

In the county commissioners' court today an order was granted the citizens of Glenwood to hold an election concerning the incorporation of the town on May 16th.

The commissioners contracted with Phil Wilk for a new floor to be placed by him in the bridge across Hurricane creek, near the farm of Jesse Winship on the Milroy pike, and to cost \$65. They also contracted with Will Redman to paint and repair the bridge for \$60.

The commissioners this afternoon drove to the bridge near the Kiplinger farm north of town where some repairs are needed. They also visited bridges in Washington township, and at points southwest of this city.

## OVERLOOKED \$500

North Vernon, Ind., May 2.—The Baltimore & Ohio Southwestern railway ticket office was robbed of \$119.25 by a thief. The money was in a drawer near the ticket window and was taken while the employees were on the station platform. The drawer adjoining, containing nearly \$500, was not disturbed.

## IS KILLED IN SALOON

Young Man Slain at Wheeling and the Saloonist is Under Arrest.

Grover Richardson Instantly Killed by a Shot from William Senegal's Pistol.

Muncie, Ind., May 2.—Grover Richardson, aged twenty-two years, was shot and instantly killed by William Senegal in the latter's saloon in Wheeling, twelve miles north of here. A number of men were gambling when a dispute arose. Senegal drew a revolver and fired, the bullet passing through Richardson's chest and continuing into the stomach. The Muncie police, who reached the place an hour later, found the men still drinking, the body of the murdered man remaining where he fell. Senegal and his bartender, Ferdinand Richel, were arrested and brought to Muncie. The police were informed that Richardson was endeavoring to break into Senegal's place and was mistaken for a burglar. This story is disputed by men who claim they were present and saw the killing. Others say that Richardson was inveigled into the saloon. The murder has created a great sensation in Wheeling, owing to the fact that Richardson was a popular young man and is known to have had considerable money. Senegal has borne a bad reputation for years.

## THE COUNTY'S GAIN IS SMALL

The School Enumeration is Completed—There are 5279 School Children.

At the meeting of the County Board of Education in Superintendent Headlee's office yesterday afternoon, the enumeration report of the school children of the county was submitted:

In Washington township there were 268 school children, a gain of eleven over last year; 131 of this number were males, 137 females.

In Posey township there were 374, a loss of 30 over last year; 213 of this number were males, 161 females.

In Jackson township there were 208, a gain of 31 over last year; 109 of this number were males and 99 females.

In the city of Carthage there were 236, a gain of 12 over last year; 134 of this number were males, 122 females.

In Ripley township there were 312, a gain of 15 over last year; 155 of this number were males, 157 females.

In Union township there were 330, a gain of 22 over last year; 182 of this number were males, 148 females.

In Center township there were 238, a loss of 15 over last year; 145 of this number were males, 138 females.

In Orange township there were 283, a loss of 18 over last year; 141 of this number were males, 142 females.

In Walker township there were 374, a loss of 35 over last year; 195 of this number were males, 179 females.

In Noble township there were 314, a gain of 20 over last year; 180 of this number were males, 134 females.

In the city of Rushville there were 1247, a loss of 37 over last year; of this number 602 were males, 645 females.

In Richland township there were 209, a gain of 2 over last year; of this number 119 were males, 90 females.

In Anderson township there were 279, a gain of 21 over last year; of this number 208 were males, 171 females.

The total number of school children in the county was 5279, a gain of 26 over last year; of this number 2761 were males, 2518 females.

## NUMBERS RECEIVED

Local Automobile Owners Given the License by Secretary of State.

There is no disposition on the part of the automobile owners in this city to disregard the mandates of the last general assembly and all of them have made application for registration with the secretary of State. The applications are filed in the office of the secretary of State and numbered, according to the order in which received. Each machine is numbered according to the statute and all of the Rushville enthusiasts have the number attached to their machines. They are all numbered between three and four hundred. The fee charged for registration and numbering is \$1, which goes into the general fund of the State. The number plates cost \$2.

## ARE MARRIED AT INDIANAPOLIS

Thomas Sullivan and Miss Beazie Moran are United This Morning.

Miss Beazie Moran and Mr. Thomas Sullivan left this morning on the five o'clock train for Indianapolis, where they were married at St. Bridget's church by Father Carrio, formerly pastor of the local St. Mary's church. The bride's sister, Miss Katherine Moran, and Mr. Ed. Tyner accompanied them. Mr. and Mrs. Sullivan will spend a week in Chicago, and then return to this city, where they will reside at Mr. Sullivan's newly furnished home in Brookside.

## MANY DRUNKS LAND IN JAIL

Police Were Kept on the Jump Yesterday Afternoon and Last Night.

The police were kept on the jump yesterday, jailing men found in an intoxicated condition. A man named Thomas Brown and hailing from New York, was taken into custody. He had no money with which to pay a fine and was released this morning on a promise to leave town. When arrested he stated that he had purchased several saloons here and that he was negotiating for the purchase of the court house.

Clem Sampson was arrested last evening on the corner of Second and Main streets and placed in jail on the charge of drunkenness. He was taken into court this afternoon.

Emanuel Dunwidie was found in the alley near Hogsett's store on Second street yesterday afternoon and marched to jail on the charge of public intoxication. He was taken into court this afternoon.

Charles Barrett was taken into custody last night on the corner of Second and Main streets and jailed on the same charge. His case has been heard this afternoon.

Owing to the illness of W. S. Hall, Mayor Hall is absent from the city and the men were taken before Squire Jackson. Each man was fined about ten dollars.

## IS IN HIDING

Princeton, Ind., May 2.—Sheriff Whiting and posse are in pursuit of Amos Barrett and Finis Tisdale, young men accused of attempting to assault Annie English, fourteen years old, and Addie Moffett, thirteen. The girls are daughters of respectable families of Oakland City. The fugitives are said to be hiding in the hills near the Pike county line.

## NEW WRINKLE IS SUGGESTED

Sub-Stations in County to Issue Marriage License Blanks.

But One Trip Necessary to Clerk's Office by Persons Who Live in Outside Towns.

In order to make an arrangement by which people who seek marriage licenses may not have to make two trips to the office of the county clerk, it has been suggested that sub-stations for marriage license application blanks be established in different towns in the county and thus make the work of the county clerk easier and lessen the troubles of people who wish to be married. At present there are few people who go to the clerk's office and fill out the application blanks. They prefer to make the first trip to secure the application blanks, and take them to their respective homes, where they have time to ponder over the questions asked.

After the questions have been answered and sworn to, they make a second trip to the clerk's office, and the marriage license is then issued if the answers to the questions are found to be satisfactory. The law has been construed so that any one who answers the questions asked in the application blanks may swear to the answers before a justice of the peace, notary public or any one authorized to administer an oath.

The sub-station idea is to send application blanks to places in the county where there are either justices or notaries public, and when persons living in any of these places decide to get married they may secure blanks at one of the sub-stations. After the blanks are filled out and sworn to, they can be returned to the county clerk and the license be issued, but one trip having to be made to secure the necessary papers.

## THE CITY SCHOOL ENUMERATION

The Number of Scholars is Less Than That of Last Year.

The city school enumeration, which was completed yesterday by Allen R. Holden and his daughter, Miss Teo Holden, shows a total of 1247 school children in Rushville. Of this number 602 are males, and 645 females. Of the total 61 are colored—27 males and 34 females. The enumeration falls 37 short of last year's enumeration, and 16 of the 37 are colored. The difference in last year's enumeration is due to the fact that many families have moved away from the city during the past year. A large number of those who have gone away were Kentuckians, who lived here only a short time.

## DEAD MEN WARN LIVING

Hospital Reports Prove That Dyspepsia  
Is the Forerunner of Consumption.

Post mortem statistics of the big New York hospitals show that many cases of consumption are due to uninterrupted progress of dyspepsia.

Especially is this true in cases where the victim was predisposed to tuberculosis. Therefore the person who allows dyspeptic conditions to progress unchecked is contributing toward the development of the most fatal disease known to mankind.

Dyspepsia wears out the body and the brain—makes the victim thin, haggard and sallow. The stomach, unable to digest food, cannot supply nourishment. When other diseases come, they enter unresisted.

HAD GIVEN UP ALL HOPE.  
"I suffered from dyspepsia and indigestion for several years and it reached such a stage that I could hold nothing on my stomach, and immediately after eating even the lightest foods would be taken with a violent fit of vomiting. I tried a great many remedies, but nothing helped me until I procured a box of Rexall Dyspepsia Tablets, when I obtained instant relief. I am now able to eat heavy foods and I gladly recommend the Rexall Tablets to anyone suffering as I did.—L. F. Tuxen, 299 Howard St., Detroit, Mich."

Don't take any chances. Cure your dyspepsia at once. Rexall Dyspepsia Tablets will do it. We know what they are and we guarantee them to restore health, strength and a good digestion. Price 25 cents. Only at our store or by mail.

Rumor has it that the Indianapolis News will buy the Sunday Sentinel and will also establish a morning Republican paper. Rumor says further that the Sun will purchase the Evening Sentinel. A morning paper in connection with the News will be Republican and support Fairbanks.

The Portland Exposition officials are seeking to have the Liberty bell brought from Philadelphia as one of the attractions of the fair. As a trip to Portland will make a nice summer outing for the committee of Philadelphia councilmen and the escort of police, there is small doubt but that the little jaunt will be taken.

There is a steady increase in the Indian population in the United States, despite the popular belief to the contrary. But the increase among the Canadian Indians is even larger. Eight years ago the Indian population of Canada was 99,000, while now it is put at 108,000. Canada has less trouble with the Indians than the United States, but that is because there are still vast uninhabited areas where the Indian can roam unmolested by the white man. The United States, however, has solved its Indian problem, and solved it to the best interests of the Indian.

## PRESIDENT'S UNDERSTUDY

Vice President Fairbanks Doing Honors of White House This Week.

Indianapolis, Ind., May 2.—Vice President Fairbanks is at Washington and will remain several days. He was designated by the president to welcome the international railway congress on his behalf. The congress meets Thursday. It will be one of the most important meetings of the kind ever held in this country. The vice president has accepted a number of invitations to deliver speeches, but he has fixed no plan for spending his summer vacation. He will probably be in Indianapolis much of the time. He has a magnificent farm in Illinois which will also receive some attention from him. Much labor will be required on his part, however, getting ready for the coming session of congress. The vice president is in excellent health and has been greatly enjoying his quiet work at home here for the last month.

It is probable that the Marion county grand jury will return some indictments for violation of the anti-cigarette law which will lead to a test case in the supreme court which is desired by Governor Hanly and the advocates of the law. Judge Freeman Alford, of the Marion county criminal court, indicated in instructing the grand jury that he believes the new anti-cigarette law prohibits the ownership of cigarettes or the "makings," as well as their sale and manufacture. He told the jury to return indictments against anyone found with cigarettes, cigarette paper or tobacco in their possession. Police Judge Whallon practically gave the cigarette smokers here all the freedom they desired by holding that the law does not forbid a consumer from having cigarettes in his possession. Judge Alford said that after reading the law it was very clear to him that its framers meant it to apply to the possession of cigarettes as well as the sale. He expressed the opinion that the finding of cigarettes or the "makings" in anyone's possession was as much a violation of the act as the sale or giving away of the cigarettes or the materials.

In order that Indiana may not become a center for eloping couples from other states the state board of health will hold a meeting within a few days for the purpose of revising the blank applications for licenses prepared according to the marriage law enacted by the recent legislature. The uniform blank sent out by the board after the promulgation of the acts contained a long list of questions but omitted one requiring the applicants to take oath as to the duration of their residence in the county where the application was made. Some of the county clerks pointed out the error and declared that it made the law weaker than the old which provided that oath must be taken by the groom that the bride had been a resident of the county for thirty days. At the attorney general's office it is said that the omission is of little consequence as the new law does not repeal the old, but inasmuch as some doubt exists the board will prepare a new blank so that elopers will have to make false affidavit and become amenable to the law if they declare they have resided in the county thirty days.

What has been known for several years as the Lawrenceburg revenue district will probably be called the Indianapolis district as soon as Elam Neal of Jonesboro succeeds Ambrose Nowlin as collector. The headquarters of the district have been at Lawrenceburg since Nowlin's appointment, hence the name "Lawrenceburg district." The revenue department at Washington, however, is anxious to have the headquarters established in the new federal building here. This will be agreeable to Neal, who would much rather reside in Indianapolis than Lawrenceburg. The district will have handsome offices, and it will be easier to direct the business owing to the central location. Neal expects to continue as chairman of the Eleventh district Republican committee.

### Caught by Trolley Car.

Greenville, O., May 2.—W. M. Daugherty and Miss Bessie Thompson are dead as the result of injuries received in a collision between their carriage and a trolley car on the Dayton & Muncie Traction line near Greenville. Fred Hughes and Miss Mary Yeany were badly hurt in the accident. All the parties are from Union City, Ind., and all under twenty years of age.

### Killed Wife and Himself.

Alexandria, Ind., May 2.—John Negley, a prominent business man of this city, shot and killed his wife at home, afterward reloading the gun and piercing his own heart. Negley left a note in which he expressed a purpose of killing his wife, of whom he was jealous.

### Feud Ends in Death.

Marked Tree, Ark., May 2.—The renewal of a family feud between Chas. Boyd and Dr. J. A. E. Freeman & Jackson's Island has resulted in the death of Freeman and the wounding of Peter Schultz, a bystander, who intervened between the two men.

### Headquarters at Terre Haute.

Terre Haute, Ind., May 2.—The formal merging of the coal mining companies owned by the L. T. Dickason interest and the Job Freeman interest in the Linton field has been effected. The merger company will open offices in the city.

## EASTER TRAGEDY

Procession at Warsaw Fired  
Into by Troops Without  
Provocation.

## A LONG LIST OF SLAIN

Monday's Disturbances in Ancient  
Capital of Poland Leaves Train  
of Blood and Fierce Wrath.

Reprisals Followed Action of Troops  
and Bombs Add to the Disorder  
of the Day.

Warsaw, May 2.—Nearly one hundred persons were killed or wounded in disturbances in various quarters of Warsaw Monday. The troops apparently were uncontrollable and violated all orders to act with moderation. They fired into crowds of demonstrators and workmen, in retaliation, resorted to the use of firearms and bombs. Many women and children are among the dead and dying. What approaches a reign of terror exists today, the city presents a most gloomy aspect and the temper of the entire community augurs ill.

May Day opened with every prospect that the recent gloomy forebodings would find contradiction in a peaceful ending. Glorious weather ushered in the beginning of the celebrations, and all factories, shops and offices of every description were closed. The streets were crowded from early in the morning with gaily dressed people and troops. Children everywhere enjoyed themselves in the warm sunshine. The presence of numerous patrols of Cossack cavalry and infantry were the only reminder of lurking danger.

No untoward incident was reported until afternoon. The first disturbances occurred when a procession of several thousand workmen carrying red flags marched along Zelazna street. The demonstration was quite orderly and proceeded without molestation for some distance. Suddenly several squadrons of uhlanes appeared, but without interfering with the procession, and took up a position along the sidewalks, while the workmen passed through the lines. Then a company of infantry approached from the front and immediately the cavalry charged into the procession, driving it with the flat of their swords into a disorganized mass. When the cavalry withdrew the infantry fired a volley, whereupon the demonstrators turned and fled. The infantry continued to discharge volleys into the retreating, shrieking multitude. Thirty-one persons were killed and many wounded, and of the latter it is believed that fifteen will die.

The shooting is described as having been quite unprovoked. It has aroused the most intense indignation among all classes in Warsaw. Many of those who were killed or wounded were shot in the back, showing that they were running away when they were struck.

Another terrible scene was enacted late in the evening at the corner of Zlota and Zosnora streets, when workmen fired from behind a wall at a patrol, which immediately opened fire on the passing crowds, killing or wounding twenty persons.

The first bomb throwing occurred at 9:35 o'clock last night, when a bomb was thrown into a Cossack patrol near the Vienna station. Three Cossacks and one policeman were killed and two women, who were leaving the station at the time, were severely wounded by the explosion of the bomb. Cossacks and infantry fired a number of volleys and many persons were killed or wounded.

At 10:45 o'clock last night disturbances broke out at the Zombrowska gate of the suburb of Praga, across the Vistula river. A great crowd had assembled there, threatening the troops, when hussars fired upon the crowd and killed four and wounded many others. At Lodz a crowd stoned a military patrol, whereupon the soldiers fired and killed two men and wounded a boy. Later a similar scene occurred in Balucki square in Lodz, when two persons were killed. In Lodz also, at 9 o'clock last night, a bomb was thrown at a patrol, but it was not effective. The patrol fired into the crowd and killed three and wounded two persons.

A student who was distributing proclamations in Wola, a suburb of Warsaw, last night, was killed by a patrol. In Nawrot street, Warsaw, last night a patrol killed a woman.

Yesterday's bloodshed is likely to very seriously affect the situation and may cause a general strike. The temper of the people is at white heat, and there is much apprehension regarding the possible events of May 5, the 114th anniversary of the proclamation of the Polish constitution.

### Entered Plea of Guilty.

Portland, Ore., May 2.—Henry R. Miller, indicted Jan. 31 by the federal grand jury in conjunction with his partner, Frank E. Kincart, Martin G. Hogue and Charles Nickell, for conspiracy to defraud the government out of a portion of its public lands, pleaded guilty to the offense in the United States district court here. Sentence was suspended by Judge Bellinger, bail being reduced in the meantime from \$4,000 to \$2,000, which was furnished.

## LUCK AGAINST HIM

All Day Monday the President Didn't  
Sight Game.

Glenwood Springs, Col., May 2.—President Roosevelt and members of his hunting party were in the saddle from 8 a. m. until 4:30 o'clock Monday, returning without a pelt of any

WILLIAM LOEB, JR., THE PRESIDENT'S  
SECRETARY.

kind or even sighting game. Secretary Loeb reached the camp at 2 p. m. and expects to return today. The hunters did not occupy their old camp on East Divide creek until today, as the president desired to await Mr. Loeb's arrival in the quarters on the West Divide. New bear tracks in large numbers have been reported near the Penny ranch on the East Divide, where luck went against the hunters when they started out.

### THE EQUITABLE TROUBLES

Mr. Hyde Files Affidavit Against Mr. Alexander.

New York, May 2.—President Alexander and Second Vice President Tarbell of the Equitable Life are charged by James H. Hyde in an affidavit filed with Supreme Court Justice Maddox in Brooklyn with stirring the society to demand a broader scheme of mutualization after they had agreed to a compromise plan.

The affidavit is part of an amended petition filed with an amended brief, by Samuel Untermyer in an application to intervene in the Lord suit to restrain the mutualization of the Equitable. The alleged purpose of Mr. Hyde in intervening is to have the court rule that no further amendment of the Equitable charter is possible without the consent of three-fifths of the stock.

### Recommends Hooker's Removal.

Albany, N. Y., May 2.—Legislative proceedings for the removal of Justice Warren B. Hooker of the Eighth judicial district from the supreme court bench of this state are unanimously recommended in the report of the assembly judiciary committee to that house of its investigation of the charges affecting the justice. The report finds that a number of acts of Hooker, in connection with George W. Beavers, in the matter of postoffice appointments resulted in defrauding the United States out of various sums of money.

### Prosperity in Argentine.

Buenos Ayres, May 2.—The Argentine congress opened its session Monday with the usual impressive ceremonies. The president's message disclosed an unusual condition of prosperity financially and commercially. The budget shows an actual surplus for 1904 of \$12,640,000, whilst exports for the first quarter of 1905 exceed by \$16,000,000 the exports for a corresponding quarter of 1904.

### As It Should Be.

Santiago, Chile, May 2.—The announcement that the Peruvian government proposes to send a legation to Chile, restoring the entente between the two countries, has created a very good impression here.

### Great Pianist Recovers.

Boston, May 2.—Ignace Paderewski, who has been suffering from nervous shock, has so far recovered that he left this city for New York last night.

## Obituary.

Mary Elizabeth Wright, daughter of Samuel and Letha Wright was born in Scott county, Ky., June 2d, 1884, and died at Rushville, April 28th, 1905, aged twenty years, eleven months and twenty-six days. Since the death of her mother ten years ago, she has kept house for her father, cared for a younger brother and gone to school. She has lived a Christian life, uniting with the Baptist church a number of years ago. Many hearts in Kentucky have been saddened by the news of her death.

Over the river she beckons to me, Now with the loved ones on the other shore.

Looking this way, her bright soul set free, Calling, "Don't sorrow! I've just gone before."

## BASE BALL

Rushville plays at Lima, O., three days next week.

The final meeting of the Sunday League magnates will be held at Cincinnati next week.

Perry Coons, the Cadiz base ball twirler, has signed for the season with the Ilion team in the New York State League.

The next game is with the All Collegians of Covington, Ky., next Sunday afternoon. The Collegians is not the team in the Sunday league.

The high school team will play at Carthage Saturday. An effort is being made by the lads to secure a game with Manual Training High School of Indianapolis.

The "Silent Hoosiers," the team from the Deaf and Dumb Institute at Indianapolis, which recently defeated the high school boys, will play them again in this city on Friday, May 12th.

The umpires announced by President Thurman for the Sunday League, are all Cincinnati men with reputations as holders of the indicator. They are Messrs. Miller, Barnett, Dugan and McGinness.

Rushville's outfield is still weak in both batting and fielding. The team will be placed on salary beginning Saturday, May 6th, and it will take some hustling on the part of the suburbanites to make good.

President James Geraghty, of the local club has purchased fine new uniforms, white in color, for the local club. They are now being made at Indianapolis, and will be used in next Sunday's game. Black stockings, white caps and the Chicago style white belts will probably be the other furnishings selected.

Tony Stubblefield has resigned as captain-manager of the local team and will be succeeded by "Babe" Conklin, of the Indianapolis Reserves, who captained the Greensburg Reds last season, and who coached the De Pauw University squad this season. Conklin will play first base throughout the season. There is no better general on the ball field in these parts than Babe Conklin, and his ability as a fielder and batsman is already well known. The team will be greatly strengthened by the addition of Conklin. Rushville will then surely have an infield hard to beat.

## RAVAGES OF TIME

Has Played Havoc With Russian Old Believers' Temple.

Moscow, May 2.—In accordance with the emperor's Easter gift of religious freedom, the church in the Rogozhsky cemetery, which is to the old believers what the Kremlin cathedral is to orthodox Russians, and which had been sealed up for forty-nine years, has been reopened with Easter services. A procession of thousands of old believers marched to the long-silent temple yesterday, chanting hymns of joy and exultation; but when the seals were broken from the doors of the church the condition of the interior which was disclosed caused the note of gladness to be changed to one of sadness. The liturgical books and sacred pictures, after a half century of seclusion, had gathered a deep coat of mold, and the interior hangings were only tattered threads of tapestry, while the floors and walls were damp and dusty. The rich members of the sect are contributing a fund for the restoration of the interior of the church to its original splendor.

## Rojestvensky at Anchor.

Saigon, French Cochinchina, May 2.—The Russian squadron is lying off Port Dayet, forty miles north of Kamranh bay, and in Binhkang bay (near Kamranh bay), outside of territorial waters. The French naval division has been mobilized to preserve neutrality in French waters.

## CREATES A ROAR

Philadelphians at Last Wake Up to Assert Themselves.

Philadelphia, May 2.—Opposition to the leasing by the city of Philadelphia of its gas works to the United Gas Improvement company, for a term of seventy-five years, for the total sum of \$26,000,000 is rapidly taking definite shape. Mass meetings will be held in several wards tonight and on Wednesday night a mass meeting of citizens will be held at the Academy of Music to protest against the proposed lease.

## Neutrality Being Enforced.

Paris, May 2.—The renewed agitation in the Japanese press relative to France's alleged non-observance of neutrality attracts attention here, but the foreign office says no further official consideration of the subject has occurred or is expected as France has given the most ample assurances that she intends to observe neutrality and these are being fully carried out. Consequently the governmental view is that the question is closed so far as France is concerned, as she has done everything within her power to secure the observance of neutrality.

## New Trial For Powers.

Georgetown, Ky., May 2.—Circuit Judge Stout has issued an order to the sheriff of Scott county to go to Louisville and bring Caleb Powers into court here Wednesday morning, when the mandate of the court of appeals reversing his case and ordering a new trial will be read. Powers has three times been convicted as one of the conspirators in the Goebel murder.

## Miners Still Entombed.

Wilburton, Okla., May 2.—Much trouble is being experienced in searching for the bodies of the thirteen miners entombed in Sunday's explosion, on account of gas. It is expected that four or five days will elapse before the bodies are recovered. There is no hope that any of the miners survives.

## Perils of the Lumbermen.

A crew of seven men were loosening timbers from the rocks above a great cataract on the River Des Quinze. The nearer they worked to the head of the rapids the more imminent grew their peril. At last the cautious steersman, a half breed named Poison, refused to venture further the lives of his crew. The foolhardy foreman ordered him out, stepped aboard and took Poison's steering paddle. Out from the bank they shot swiftly and down the steep incline. All went well until they wished to turn their boat beside the rocks that blocked the timber when to their consternation the speed of the boat slackened. Managing to point her bow up stream, they rowed with all their strength. For some seconds she never moved. Surely the demon of the rapids had caught them. With pounding heart and panting breath they tugged with all their might and main, but to no purpose. Inch by inch, with increasing rage, he drew them until at last with a deafening roar he hurled them, boat and all, like a javelin, into the very depths of the gigantic caldron of boiling foam.—Arthur Heming in Scribner's.

## Frost.

White frost is the ordinary frozen dew or hoarfrost. Black frost occurs when the cold is so intense as to freeze vegetation and cause it to turn black without the formation of hoarfrost.

## HOW TO AVOID GERM DISEASE.

Strengthen the Stomach and Digestion and You Will Keep Well.

When there is an epidemic of germ disease, and most diseases are caused by germs, it is a person with a weak stomach who succumbs first.

People with healthy digestion are ordinarily not subject to sickness, and can throw off readily any disease germs that enter the system.

Strengthen the stomach and digestive organs with a Mi-o-na tablet before each meal, and every atom of food taken into the stomach will be digested and assimilated, and the whole digestive system made so healthy, clean and sweet that there will be no chance for disease germs to breed.

If you suffer with pains or distress after eating, headache, belching of gases, sour food, a bad taste in the mouth, dizziness, pains in the heart, specks before the eyes, and a general feeling of despondency and weakness, you should get well at once by strengthening the stomach with Mi-o-na. Just one small tablet out of a fifty cent box before eating, and your digestive system will become so strong that you will be the embodiment of good health and spirits, and need fear no germ diseases. Ask F. B. Johnson & Co to show you the guarantee under which they sell Mi-o-na; it costs nothing unless it cures.

## AMUSEMENTS

The Miles Berry Stock Co. gave one of the best productions last evening ever given in this city by a repertoire company. "A Fight for Honor," was the bill; it is a play of high dramatic order with plenty of comedy to please all classes of people, as was attested by the hearty applause of the large audience in attendance last night. The cast was well balanced and the many startling climaxes that require dramatic talent of the best order received enthusiastic applause time and again. The specialties were very pleasing and of a higher order than is usually seen with a popular priced attraction. Tonight they will present "A Miner's Daughter," a comedy drama of life on the western borders. This production is guaranteed by the management to be one of the best plays ever presented in this city at popular prices. The prices are 10, 20, and 30 cents. These sensational low prices will prevail during the entire week, which is an assurance of capacity business at each performance. Secure seats in advance. Ladies free again tonight.

## Notice to Subscribers Who Pay by the Week.

The Pictorial Review has been ordered for all subscribers who pay by the week and WHO HAVE PAID IN FULL FOR THE PAST MONTH. We have also ordered a liberal supply for the use of the office so that subscribers who have not yet paid in full for the last month may do so and receive the June number (which will be the next number issued) and for new subscribers who have not yet been on our list for a month.

It will be about ten days, so the publishers inform us, before the magazine will be received. If you are a subscriber who pays by the week and you do not receive the magazine within that time you will know that you are either behind in your payments or there has been some mistake. In such cases please call at the office.

The question is now asked, "Do Animals think?" It can be best answered by letting the farm dog go without his dinner.
